I LOOK LIKE AN UMBRELLA
WITH THE COLOURS OF
THE RAINBOW

My two hands are like
a chair

with the
colors of
green and
red

WHERE THE BIRDS SING
AND ANTS PLAY WITH
SOUND OF KINDNESS

SIX OR SEVEN IN MY MIND
TREE. HOW OLD ARE YOU?
A CRAFTY

There was a olive tree
It was born on shores of
island Vis
And it was very happy with its
environment and family
But the time has come
And the olive tree had to go
on its first adventure.
The long way towards the
Slovenia was exhausting for it
but the olive tree survived
and when the Croations and Slovenians
planted the tree in Slovenia territory
the olive tree became the symbol of
friendship between those two countries.
